

# Wedgwood Vision Plan

## January 14, 2010 Public Meeting

### Mapping Exercise Results

#### Community Spaces

In general, more community amenities such as plazas, kiosks, artwork, etc. along 35th Ave NE

Open space/drainage

Need for a pocket park

Improve schoolyards to serve as additional community parks and provide green space/trees

Need a prominent "Welcome to Wedgwood" sign

Swales/innovative stormwater management along NE 95th St

Potential location for a community center or a piazza

Street trees on 35th

Better utilize Hunter Tree Farm during the rest of the year. Create a public space such as a plaza, farmer's market, etc.
